BACK TALK

● **VOICES AGAINST VIOLENCE** ●

WHAT IS BACK TALK?

The Back Talk: Voices Against Violence program supports women and non-binary femme youth in using poetry and spoken word to discuss experiences with topics including sexual violence, gender equity, and resilience. The Back Talk Collective shares poetry to educate, inspire, and most importantly: Talk Back.

The program consists of weekly workshops where participants come together with an experienced spoken word artist and community facilitator to develop their skills in spoken word while exploring topics that we often don't get to talk about.

The series culminates in the creation of a published chapbook of poems, as well as several performances to community groups across the GTA.

COVENANT HOUSE INFO:

Tuesdays, 6-8pm

Virtual Program - Join over Zoom!

Devices available to borrow if needed!
